KIDS ACTIVITY GUIDE

Warm Hands, Warm Hearts

This year, my family and I had to leave our house and our neighborhood because it wasn't safe anymore. We walked from Venezuela all the way to another country. The walk was long and, unlike my home, really cold! It would have been really easy for any of us to catch a cold or get sick.

Thank goodness for friends like you! Along the way, we stopped in a country called Colombia, where Send Relief had special place for us to rest and get food, blankets and warmer clothing for our trip. I was sad to leave my home, but I am so happy people like you cared about my family and me!

Spread the love by donating a blanket from the Gift Catalog to other kids in need.

Hope is Good Medicine

I'm 12 years old. I was born with a pretty serious disease and have been sick a lot in my life. My mom has the same sickness, and it's been hard for her to make enough money to pay for treatment and a place to live.

At one point, we had nowhere to go until friends like you stepped in to help. Through your gifts, Send Relief was able to help us get medicine and find a safe place to stay. I'm feeling great now and am doing well in school. Thank you so much for your help!

Think about helping someone else who is sick by donating medical supplies from the Gift Catalog.
